

Dr H.D. Kanga Memorial Library

Our Library is proud of having such a distinguished personality working amongst us for the last 50 years. We are the privileged few to receive his distinguished services to manage its day-to-day affairs for the past several years. He was the custodian of this most important institution of Mumbai, who was actively connected with this institution since its inception in 1950 till 1983, the last two years of which was their Hon. Secretary. Thereafter, we have been receiving his unstinted support, help and guidance. He presided over its 50th Annual General Meeting held in October last. His deep knowledge of cricket books, vast experience in maintenance and care of books of his personal library, have been of immense help to our Library, his earnest love such an institution has stood him in good stead while appearing before the income tax authorities during the crisis period, are all quite fresh in the minds of all members. He is a guiding force to all its members. We are all very much thankful and grateful to such a talented person who is such a keen student of the game and who has contributed so much, which cannot be measured.
